

SWIM ESSENTIALS

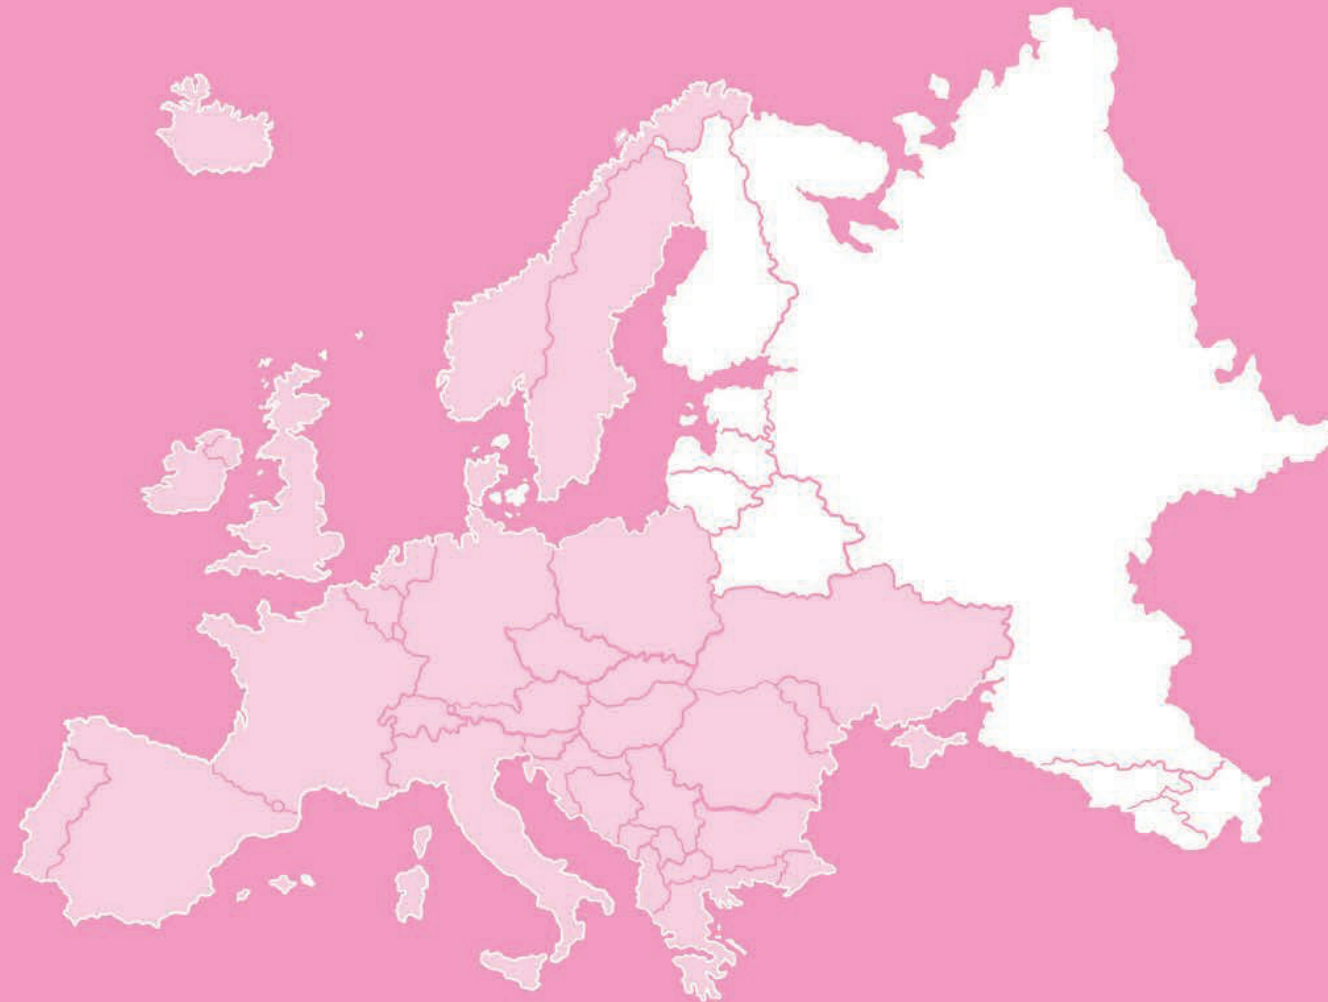

SWIM ESSENTIALS

Swim Essentials is a company which is specialized in inflatables and summer essentials for the European Market. We design, produce, test and distribute the inflatables to companies all across Europe. With the unique designs and good quality we try to conquer the market. All products are nicely packed and have branded images which always come with a partnership.

The business we do is mostly DDP/DAP but for big companies we also have FOB possibilities. We get more and more request for other items besides inflatables and will increase the categories for SS2023 with frame pools, big swimming pools, beach toys and swimwear. For all categories Swim Essentials also offers Private label options.

SWIM ESSENTIALS ALL OVER THE WORLD

Our goal is to bring the pink color of Swim all over the world. Here you can see all the places where they can already enjoy all our summer essentials
